Request for Proposals Q&A**

RFP for a Podcast Production Partner
for a Local Criminal Justice Reform Podcast

Thursday, April 9, 2026

- 1. Is there currently interest in having a video component included in the production and recording of the podcast?**

DHS is not opposed to proposals that include a video component; however, the RFP does not require one. DHS recognizes that some participants may prefer not to be on camera, so any proposed video element remains optional.
